

IMPA HAMBURG

Network, Learn, Debate

The one-day forum is free to attend for marine procurement and senior executives from Shipowners and Ship Management companies. The 2022 event will see a programme dedicated to what's happening in procurement now and the latest developments that purchasing and supply chain professionals need to know about. Sustainability and digitalisation will be key headline topics for the one-day event this year alongside close looks at procurement tactics and strategy and problem solving for procurement.

Key Note Speakers include

Ulla Eithz Nielsen, Managing Director,
V Ships Germany and WISTA Germany

Suppliers you will meet include

**17 MAY 2022 | HANDELSKAMMER
THE HAMBURG MARITIME EVENT
FOR MARITIME PROCUREMENT**

What's on the agenda for 2022

Digitalisation

- What's new in digitalisation and what's coming.
- The IMPA Marine Stores Guide six-digit code development.
- Data in procurement – how to maximise its value.

Sustainability

- The changing role for procurement.
- Industry initiatives that are shaping supply chain strategy.
- Saving the environment and saving cost – it can be done!

Purchasing Manager Debate

- German based procurement managers answer questions and debate the big issues facing them today – what the challenges are and how do we overcome them.
- How to manage suppliers? Smart Buying, Category Management, Digitalisation, People Management, Marketing of Procurement – the list of subjects is exciting and broad.

Problem Solving and Supplier Presentations

- How can suppliers help you in procurement?
- Supplier based solutions that help overcome problems.
- Finding the right supplier? How can you evaluate suppliers?
- Supplier relationship management.
